INDUSTRIES AND USES

For more than two decades and in over 25 countries in the world, thousands of corporate and individual consumers have successfully used Xp^3 products. Clients range from oil companies that use Xp^3products to improve their fuel efficiency, fluidity, lubricity, cetane boost, ID protection and more, to individuals who used Xp^3 products to improve and maintain the efficiency in their own personal vehicles.

The possible uses/consumers are as varied as the industries that exist. Amongst them are:

INDUSTRIES	USES
Armed Forces/Military	Transport vehicles, personal transporters, generators, service and supply trucks
Agricultural	Tractors, combines, harvesters, sprayers, skid loaders, silage baggers, furnaces and boilers
Cement	Furnaces and boilers, heavy machinery, transport, conveyor belts, cooling systems
Construction	Wheel loaders, road graders, pavers, backhoe loaders, excavators, haul trucks, compactors, road rollers, scrapers, rough terrain forklifts, trenchers, drills, bulldozer, cranes, electric and fuel powered generators
Food and Drink	Furnaces, transport and delivery trucks, furnaces, conveyor belts, freezers
Forestry	Freight forwarders, skidders, loaders, yard forklifts, harvesters, fellers, tractors, trucks, furnaces, boilers and sawing equipment
Freight Shipping	Trucks and their maintenance
Hotel	Boilers and maintenance

Xp Lab, Inc.
946 Hawthorn St. San Diego, CA 92101
