

Because of our proven track record of customer satisfaction and our commitment to providing you with the best products and service, Revii is confident in issuing you a written, money back guarantee. By following the exact Terms and Conditions listed below for the Xp3 Trial Guarantee, you are guaranteed to experience an increase in fuel efficiency (Miles Per Gallon or MPG) by the end of your trial.

Terms & Conditions of the Xp3 Trial Guarantee

BEFORE Starting the Xp3 Trial:

1. The customer agrees to conduct the trial at a time when temperatures are expected to be stable through the anticipated trial period. A stable temperature range is important for more accurate trial results.
   Note: *Since it is common to experience a decrease in MPG when transitioning from fall to winter or an increase in MPG when transitioning from winter to spring, do not start trials in those transitions.*
2. The customer agrees to purchase one of the following items:
   - **Xp3 Gas Trial Pack** – 4 of the 5 oz. bottles of Xp3 for gasoline, which treats about 500 gallons of gas
   - **Xp3 Diesel Trial Pack** – 4 of the 5 oz. bottles of Xp3 for diesel, which treats about 600 gallons of diesel
3. The customer agrees to register their Xp3 trial at http://xp3trial.com
4. The customer agrees to use the Xp3 treatment ratio (see Fuel Log) and to track MPG using the "Fuel Log"

STARTING the Xp3 Trial:

1. The customer agrees to track 5 consecutive tanks WITHOUT using Xp3 to establish their vehicle's current baseline MPG (Miles Per Gallon) and will record the data for those tanks on the "Fuel Log".
2. Immediately following the 5th consecutive tank without Xp3, the customer agrees to send a copy (*or pic taken by a cell phone*) of the "Fuel Log" to his/her distributor or to support@xp3trial.com. Also, the customer agrees to immediately START using Xp3 and continue tracking the MPG data on the "Fuel Log."
3. Immediately following the 10th consecutive tank treated with Xp3, the customer agrees to send a copy (*or pic taken by a cell phone*) of the "Fuel Log" to his/her distributor or to support@xp3trial.com for review.
4. The customer agrees to continue using Xp3 following the recommended treatment ratio and to tracking the data for each consecutive tank until all the Xp3 product in the trial pack has been used. By following the recommended treatment ratio, a minimum total of 20 consecutive tanks will be treated with Xp3.

AFTER the Xp3 Trial:

1. After using all the Xp3 product in the Trial Pack (a min. total of 20 tanks), the customer agrees to forward a copy (*or pic*) of the Fuel Log to their distributor or to support@xp3trial.com *within 7 business days*.
2. The distributor agrees to complete a Trial Savings Analysis within 7 business days of receiving a copy (*or pic*) of the completed "Fuel Log." The distributor will also contact the customer within 7 business days of receiving the copy (or pic) of the completed "Fuel Log" to schedule a meeting to discuss the trial results.

Qualifying Refund:

1. Upon completing the steps listed above and in the unlikely event that the customer does not experience an increase in fuel efficiency (MPG) by the end of the trial, he/she will receive a full refund covering the cost of the Xp3 Trial Pack purchased and completely used during their trial. Revii agrees to issue that refund within 14 business days of receiving the Trial Savings Analysis results from your distributor.

Please feel free to contact your Xp3 independent distributor or Revii at (800) 442-0993 with any questions regarding the trial or this guarantee. We appreciate the opportunity to be your savings partner.

Thank you!
